Paducah River City BPW

MAY NEWSLETTER 2011

The Kentucky Girls STEM Collaborative Project brings together organizations and programs that are committed to informing and motivating girls to pursue educational choices in science, technology, engineering, and mathematics (STEM) to build a strong, diverse workforce in Kentucky.

This is what BPW is all about...encouraging and informing young women through other professional women that they can achieve much and be a vital member of the community. As a sponsor of this event, we encourage all members to make an effort to attend. You might just make a difference in a young woman's life.

KY *Girls* STEM Collaborative West Kentucky Forum

The Paducah Area Chamber of Commerce Business Education Partnership committee, in partnership with the **Kentucky Girls STEM Collaborative**, invites female students, parents, businesses, and community members to participate in a regional forum to educate, encourage, and present STEM disciplines to young girls and learn from prominent female professionals in these areas.

Panelists Include:

Dr. Jacqueline Carter, Neurologist, Western Baptist Hospital

Brandi Harless, Concierge, EntrePaducah

Lt. Jennifer Jessee, USCG Marine Safety Unit Paducah Chief of Waterways Management and Drug and Alcohol Program Inspector US Coast Guard, Paducah

Dr. Maeve McCarthy, Professor of Mathematics and Statistics at Murray State University

La Nora Westbrook, Mechanical Engineer, United States Enrichment Corporation

May 12, 2011

MEMBER SPOTLIGHT...

Crystal Ridenour Reid

Crystal Ridenour Reid has been an insurance agent with Western Rivers for 10 years. She has a property, casualty, life, and health insurance license and also holds a Certified Insurance Counselor (CIC) designation. It is recommended that an agent have their insurance license at least 5 years before attempting to obtain their CIC designation, but Crystal completed all 5 tests and received her designation within the first 4 years of her insurance career.

Crystal markets and sells insurance to businesses exclusively, though Western Rivers has several other departments and can insure almost anything. Western Rivers is an independent insurance agency, which means they have access to several insurance companies. This allows Crystal to “shop” her clients insurance each year to make sure they are receiving the best rate/coverage available.

Crystal also enjoys spending time with her family, which includes her husband (they were just married last month) Eric Reid, her 14 year old son Cameron, and her two step children Charlie and Amber who are 9 and 6. They enjoy spending summers at the lake on their pontoon boat. Crystal also enjoys playing coed softball on her church's softball team.

Crystal also enjoys spending time with her

Remember donations are accepted at each meeting for the Merry House.

Pillows
Medicine - ibuprofen, acetaminophen
Towels
Sheets
Shampoo
Soap

Toothpaste
